P

G

O

i cant stop
playing this
game

#streaming
#media

great idea
but running
at 10fps

hide yer
curser

3d
scannnn

google
cardboard
makes me
feel drunk.

rgb-d wait i
mean
depthkit

computer
human
interaction

wait where
are the
controls?

60fps

but why?
god why?

unity? you
made this
in unity?

I. T. P.!!!

algorithmically
generated

wait - how
did you do
this?
#magic

awesome
social data

post
snowden
art

30fps

best
tutorial!

subversive
use of
google api's

max msp
jitter

overly
complicated
indicator
light

that project

kinect +
oculus =
motion
sickness

dat lighting
doh
