

I

T

P

G

O

just needs  
an angel  
investor

great  
instructions

uncomfortably  
personal  
story

gratuitous  
use of a  
kinect

projection  
mapped 3d  
printed  
sculpture

webgl

rube  
goldberg  
machine

a failed  
leap motion  
game

soon to be  
ripped off  
by an  
agency

too many  
motorized  
-----

wait how  
did you  
make this?

gender  
bending

I. T. P.!!!

so weird.

that project

gesturessss

face  
tracking

should've  
gone to  
parsons  
mfa-dt

insightful  
social  
intervention  
piece

sound art  
piece you  
can't hear  
properly

60fps

ooooooo  
shiny

haptic  
fеееееед  
back

i can see  
your  
menubar

done in the  
1960's
