my first 3d  
printing  
project

arduino  
powered  
synth

but why?

kinectv2  
as a  
button.

insightful  
social  
intervention  
piece

that project

a failed  
leap motion  
game

twitter bots  
on bots

algorithmically  
generated

30fps

kyle  
throwing  
the of gang  
sign.

uncomfortably  
personal  
story

I. T. P.!!!

already on  
the blogs

overly  
complicated  
indicator  
light

the cinder  
app

dat lighting  
doh

example  
code

#streaming  
#media

uncomfortable  
fashion

someone  
playing  
with the  
wooden  
mirror

unity? you  
made this  
in unity?

machine  
learning!

computer  
human  
interaction

cant be  
unseen
