

I

T

P

G

O

face
tracking

arduino
powered
synth

gender
bending

projection
mapped 3d
printed
sculpture

should've
been a
performance

rube
goldberg
machine

but what
does it
mean?

but why?
god why?

i cant stop
playing this
game

a.i. art
(youre
gonna kill
us all)

gonna take
all our
jobs

can you
feel it?

I. T. P.!!!

great idea
but running
at 10fps

vr vr vr
vr vr vr
vr

algorithmically
generated

wait the
chair is the
controller?

the cinder
app

60fps

computer
human
interaction

#blog
#worthy

dat lighting
doh

#wearables

i broke it -
sorry
