T

P

G

O

dat lighting  
doh

oooooooo  
shiny

the cinder  
app

that project

insightful  
social  
intervention  
piece

rube  
goldberg  
machine

just needs  
an angel  
investor

kinect +  
oculus =  
motion  
sickness

but why?  
god why?

great idea  
but running  
at 10fps

shadows

im in vr  
and walking  
around!

I. T. P.!!!

wait -  
where's  
the rest of  
it?

algorithmically  
generated

borderline  
illegal art

weird  
oculus rift  
game

done in the  
1960's

best use of  
processing!

a.i. art  
(youre  
gonna kill  
us all)

computer  
human  
interaction

sound art  
piece you  
can't hear  
properly

face  
tracking

wait the  
chair is the  
controller?

gesturessss
